Help us to Conserve the Birds of Hong Kong

In the AGM 2009, one of the main topics is how to strengthen the work of the Society in bird conservation. At present, most of the work relies on the committee members who are all very busy with their own jobs. As conservation issues are quite complicated and always time-consuming, it is finally decided that a full-time staff is necessary in order to pursue the objective of the Society – ***To Conserve the Birds of Hong Kong.***

Due to limited resources, we need your help to make it come true. You are cordially invited to participate in the “Hong Kong Bird Race 2010” in the following ways:

- (1) take part in the bird race with your family members and friends, and raise donation from other people;
- (2) make donation to one of the racing teams that you support; or
- (3) make donation to the Society directly.

“Hong Kong Bird Race” is a bird watching competition among the racing teams. Participants are required to spot and identify bird species as many as possible within 24 hours within Hong Kong territory. The team who get the highest number of bird species will become the winner.

Conserve the Birds! YOU can make a Difference!
